

TIPS FOR *Partying* IN THE "COVID ERA"

HAVE FUN, STAY SAFE & ADAPT TO NEW NEEDS!

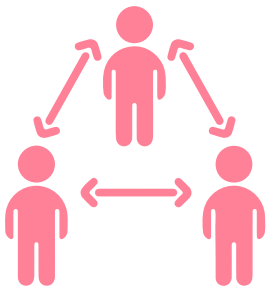

STAY INFORMED: CHECK THE MOST CURRENT CDC GUIDELINES

- Social Distancing
- Masks/face shields
- Other CDC in-home business operation recommendations

SANITARY SAMPLING BASICS

- Individually packaged product samples from BK Supplies
- Disposable tools for full sized product sampling
- Sanitizer wipes/spray to clean toys between customer handling

HOW ELSE CAN YOU AVOID PHYSICAL CONTACT?

- Text digital catalog links instead of handing out paper catalogs
- Send virtual invoices instead of swiping
- Host virtual/hybrid parties -- many people will continue to love to do things from home
- Host outdoor events -- don't forget your tent for shade!
