

Hello!

We are so excited to help you start planning your Bedroom Kandi party! Bedroom Kandi consultants create an exciting, sophisticated, entertaining & educational adult event for you & your friends!

You'll be talking often with your BK consultant to plan a party that's catered to you & your friends, and to help you earn TONS of Bedroom Kandi products! If you haven't had a chance to talk with your BK consultant yet, here are a few things to start thinking about:

- **Are you holding the party at your home?**
- **Are you the hostess of the event (and earning the free & discounted product) or are you planning the party for someone else?**
- **Are you celebrating something special? If yes, will there be any other plans or entertainment for that evening, besides Bedroom Kandi?**
- **Will the party be women only or co-ed?**
- **Will there be a theme for your party?**
- **What day of the week do you prefer to have your party?**
- **How many guests are you hoping will attend?**
- **What time would you like to start the demonstration?**
- **What is the age range of your guests?**
- **Are most of the guests single or in a relationship?**
- **Will there be many moms of young children?**
- **Do you have minor children? If yes, will they be out for the evening overnight, or are they coming home at a certain time?**
- **Will you be able to return a completed Guest List in the next few days?**
- **Which products would you like to earn for FREE or at a deep discount?**
